

HGS REPORT TO THE 2018 NAGM

Over the year I have attended and drawn up the agenda for 3 NEC meetings and provided notices about such and, more latterly, the NAGM.

January and February are a busy time for the HGS with reports, minutes, and the agenda all to be finalised in advance of the NAGM. Thank you all who sent in motions and items for the agenda on time.

I did not get to update the Constitutions this time around, so that remains on my To Do list if I am re-elected.

I am happy to re-stand as HGS for another year. The NEC are a good unit comprised of people just like you and me, we are elected by the membership and we are a bunch of friends who get things done. Why not swing by one of our meetings and see for yourself!

Ian Crawshaw HGS
